## Option 2) - Live Audition

A live audition is recommended and can be scheduled through our admissions department.

- Prepare 2 songs of varying styles/tempos and have 2 copies of a simple lead sheet prepared for an accompanist and your evaluator. Jazz Standards are recommended but not mandatory.
- It is also recommended to submit, whether you do a live audition or not, a recording of yourself. The recording should follow the same guidelines as the live audition, i.e. 2 songs of varying tempos/styles, Standards preferred but not mandatory. The recording can be either a studio or a "live" recording, but please make certain that the quality of the recording is good enough to assess your vocal skills.
